Conical

Conical Acoustic WALL

What It Is: An Upholstered, Sound-Absorptive Mobile Partition.
Where It Shines: Breaking Sightlines And Softening Noise Along High-Traffic Paths, Shaping “Neighbourhoods” On Open Floors, Creating Quick, Quiet Nooks.

Conical Collaboration Wall

What It Is: A Magnetic, Easy-Erase Whiteboard Backed By Acoustic Absorption.

Conical Media Wall

Two Modes In One: Add An Optional Whiteboard On The Reverse Side, Making It Digital On One Face, And Analogue On The Other.
Where It Shines: At The End Of Bench Runs, Client Walk-Throughs That Turn Into Training Sessions, And Lounges That Become Presentation Spaces For An Hour.

Conical Is A Versatile Acoustic Panel Designed To Enhance Open-Plan Environments. This Portable Unit Seamlessly Integrates Multiple Functions, Serving As A Room Divider, Whiteboard, And Tv Display Stand. Its Fully Upholstered Design Ensures Both Privacy And Comfort, While The Four Lockable Wheels Provide Effortless Mobility. An Integrated Aluminum Pen Tray Offers Convenient Storage For Writing Instruments And Small Accessories.

O Space Floor Based Screens

Acustica-Comfort

Acustica-Comfort Is Designed For Your Well-Being Sound Comfort, And Sound Control
The Latest European ISO 22955 Standard (As Of September 2021) Requires A Reduction In Sound Levels Of 4DB In The Office Work Environment.
Acustica Comfort Significantly Exceeds This Requirement, Delivering Far Greater Reductions.

Acustica-Desk Screen

The Acustica-Desk Screen Is A Light And Agile Separation Screen That Attaches To The Desktops And Creates A Solid Sound Barrier For Concentration Reducing Distraction And Noise In Open Spaces. Individual Or Shared, They Come In A Variety Of Formats And Colors

Acustica-Space

Acustica Modern Sound Solutions Improve Your Space By Absorbing, Blocking, And Diffusing Noise. Lightweight And Versatile, The PET Felt Material Offers Creative Designs With Superior Sound Performance. Acustica - Space Features Airy Trellises With Acoustic Panels That Provide Privacy While Letting Light And Air Flow, Perfect For Structuring Open Spaces.

Available in all these colours and any combination thereof

AcoustiX Comfort has the following properties

Acustica-Baffles

Acoustic Baffles Are Sound-Absorbing Panels Suspended Vertically From Ceiling To Reduce Noise, Echo And Reverberation In A Space, Thereby Improving Sound Quality And Comfort. They Are Made From Sound-Absorbent Materials, Such As Stone Wool Or PET Felt And Are Used In Various Environments, Including Offices, Restaurants And Educational Institution, Particularly In High-Ceiling Rooms Or Where Space For Wall Mounted Solutions Is Limited

Acustica Canopy

Acustica Canopy Is Strategically Positioned As An Island Suspended From Ceilings Significantly Improving The Acoustic Comfort Of Open Spaces. Simply Snapped Together, It Is Rigid And Strong While Being Extremely Light. Composed Of Crisscrossed Strips Of PET Felt, The Honeycomb Structure Has Been Specifically Designed To Absorb Background Noise Reducing Stress And Loss Of Concentration.

Acustica-Tile

Acoustic Tiles Are Sound-Absorbing Materials, Typically Installed On Ceilings Or Walls That Reduce Noise And Echo By Absorbing Sound Waves Instead Of Reflecting Them. They Are Commonly Used In Commercial Spaces Such As Offices, Schools And Home Theaters To Improve Speech Clarity And Reduce Disruptive Noise.

MISSION

By being a market vigilant, innovative solution driven organisation that delivers unsurpassed quality through knowledgeable and competent partners.

VISION

Offix is dedicated to deliver beneficial office furniture concepts, creating user-benefits with consistent assurance to our customers and partners.

Offix was established in 1996.

WHAT WE DO

We specialise in the development of office furniture solutions. We have become a design led company that still keeps an important focus on manufacturing needs.

MANUFACTURING

Offix provides the highest quality product possible through our skilled and dedicated employees and continued investment in state of the art manufacturing processes.

DEVELOPMENT

Offix is capable of internal product development, we also collaborate with prominent and respected designers.

Offix has long standing business relationships with numerous international companies and brands.

SPACE PLANNING

Having an in-house space planner will assist your organisation in the creation, implementation and management of one of your most important assets carefully analysed to achieve the very best layout and conformity to the given customers' needs, which is always planned in accordance with today's health and safety guidelines.

Showroom

DELIVERY AND INSTALLATION

Offix has its own installation teams who are trained to understand layouts and are dedicated throughout duration of projects. Teams monitor, control and evaluate the installation progress, reporting daily back to operation for quick collective actions to be taken.

EMPOWERMENT

At Offix, we are proud to support the country's empowerment goals. Currently a Level 2 Contributor with a B-BBEE Procurement Level of 125% and a 51% Black Female Ownership Rating.
